# INTRO

DentalReach is a professional site and forum for dentists.

DentalReach is one of the fastest growing online communities for dentists, where you can talk dentistry. It's a place to be visible as a dental practitioner and get liked and lauded by fellow professionals.

While the rest of the world can openly share their stories, experiences, and challenges, ethics restrain dentists to converse in an open-to-all world. DentalReach is a gated community of dentists where you can converse freely. It gives you a great opportunity to connect with peers in your locality, region, country, and specialty base. It's a place where you can voice your opinion as a dental professional, within your circle of specialty and outside.

It's a podium for visibility and networking as a dental professional.  
Happy connecting!

## COLLABORATE WITH US

Although some may think starting a business often means doing it alone, the reality is quite different. Collaboration is vital to the health and success of any business today. As neighbors and friends, it's our natural inclination to look out for each other, and the world of business can be no different. There are many ways in which small-business owners can join forces and learn from each other, exchange ideas, increase purchasing power and grow revenues.

### Why collaborate with DR?

1. Inspires you
2. Helps you grow your network
3. Educates you
4. Helps you save money
5. Solves problems
6. Is a win-win situation
