LASER DENTISTRY AS EASY AS 1-2-3!
DentalReach is a professional site and forum for dentists. DentalReach is one of the fastest growing online communities for dentists, where you can talk dentistry. It’s a place to be visible as a dental practitioner and get liked and lauded by fellow professionals.

While the rest of the world can openly share their stories, experiences, and challenges, ethics restrain dentists to converse in an open-to-all world. DentalReach is a gated community of dentists where you can converse freely. It gives you a great opportunity to connect with peers in your locality, region, country, and specialty base. It’s a place where you can voice your opinion as a dental professional, within your circle of specialty and outside.

It’s a podium for visibility and networking as a dental professional. Happy connecting!

Dr Rockson Samuel
I welcome you all to the biggest scientific fiesta of all time – the DRDCA 2020 International! This month, the world is witnessing a one of a kind event – a 30-day long digital dental conference with scientific sessions, fun contests and digital awards! As Scientific Chairperson, I’ll be glad to give you an overview of the scientific sessions of this conference happening right now, spanning over the entire month of November 2020.

This 1 month-long event is witnessing a wide range of knowledge sessions on all Thursdays and weekends i.e. Saturdays and Sundays of November. For the rest of the month, contests are being conducted. Sessions are divided into morning and evening sessions. For weekends, morning sessions are conducted from 11 am – 1 pm IST and evening sessions, from 4 PM to 6 PM IST. All Thursday sessions are evening sessions only i.e. 5 pm IST onwards.
