Made with ♥ for Dentists by Dentists!

This is a digital magazine. All elements are clickable, and it's awesome.

Some make stories, we make history.
INTRO

DentalReach is a professional site and forum for dentists.

DentalReach is one of the fastest growing online communities for dentists, where you can talk dentistry. It's a place to be visible as a dental practitioner and get liked and lauded by fellow professionals.

While the rest of the world can openly share their stories, experiences, and challenges, ethics restrain dentists to converse in an open-to-all world. DentalReach is a gated community of dentists where you can converse freely. It gives you a great opportunity to connect with peers in your locality, region, country, and specialty base. It's a place where you can voice your opinion as a dental professional, within your circle of specialty and outside.

It's a podium for visibility and networking as a dental professional. Happy connecting!

Dr Rockson Samuel
The October & November 2020 issues of DentalReach were DRDCA Speaker Specials and the December issue marks the end of the DRDCA 2020 tripartite series! This will be the last of the three issues dedicated to DRDCA 2020, and since the last is always special, we have published articles penned and won by you alongside those of speakers! This editor’s note and issue is to specially congratulate all the winners!

Dr Nupur Shrirao

Who knew making pontics was so easy?

Pre Op

3 Days Post Op
Here the top 5 Benefits of doing a podcast.

1. It gives you the opportunity to create authority and credibility in your industry or niche.
2. It’s available to a worldwide audience, and the barrier to listen is, well, very low.
3. Those who listen to podcasts are IN LOVE with the medium!
4. A podcast can help you grow your audience.
5. Once you have an audience, podcasting gives you the opportunity to create an intimate relationship with them.

How to get started?
To send in your own podcasts, refer to details below -
1. Mode- Audio Message
2. Topic -
   - Clinical tip
   - An interesting article abstract
   - A product review
   - An instrument experience
   - Sound dental advice
   - A non-dental talent.
3. Time - 2 minutes.
4. Language - Any global language!
   (With English translation text)

Email your audio message to - nupur@dentalreach.co
Looking forward to listening from you!
Sometimes, contraindications can turn into indications with the right technique, armamentarium and protocol! DRDCA 2020 Speaker **Dr Alejandro Steinman (Buenos Aires, Argentina)** shares an unconventional case of immediate implants placed in infected maxillary bone, after laser conditioning.

THE DENTIST'S PRAYER

Lord, be with me daily as I practice dentistry. May I treat with gentle hands all who put their trust in me. May my calm assurance help to erase their fears. To relax the tense adults and dry the child's tears. May I treat each patient with competence and skill, Whether a difficult procedure or a tooth that I must fill. As I diagnose and treat, be with me all the while, and reward me with my patient's lovely, healthy smile.

AMEN.
MELANIN REPIGMENTATION AFTER LASER DEPIGMENTATION: A CASE REPORT WITH A THREE YEAR FOLLOW-UP

1st place winner of the DRDCA 2020 Article Contest, Dr Mohini Daultani shares a case report of gingival melanin re-pigmentation after laser diode depigmentation with a three year follow-up.

THANK YOU!

COLLABORATE WITH US

Although some may think starting a business often means doing it alone, the reality is quite different. Collaboration is vital to the health and success of any business today. As neighbors and friends, it’s our natural inclination to look out for each other, and the world of business can be no different. There are many ways in which small-business owners can join forces and learn from each other, exchange ideas, increase purchasing power and grow revenues.

Why collaborate with DR?

1. Inspires you
2. Helps you grow your network
3. Educates you
4. Helps you save money
5. Solves problems
6. Is a win-win situation
